* Exclusive of 259 hectares burned plantation in Minoyan Reforestation Project as earlier reported.

** The plantations established from 2001-2003 were burned by arsonists.

*** Rehabilitation/Replanting activity done in the burned plantations.

^ No new plantation was established. Activity was purely maintenance of the existing plantation.

^^ Households (HH) have been adopted as unit of measure.

^^^ The same hectareage planted in 2004 is being maintained.

Note (Minoyan Refo Project):

* the 169 hectare plantation established in 2001-2003 which is part of 328 hectare area was totally burned

* current existing plantation being maintained is 310 hectares (2004-2007 plantation) which broken down into:

PNOC 110 has.

PEMO 200 has.

310 has
